Under their expert guidance and tuition, they will take you to the best locations the area has to offer and will provide you with the knowledge, views and techniques to produce inspiring images of your stay in Tuscany. Located in the unspoilt region of Garfagnana in Northern Tuscany the Photography Workshop offers a taste of hidden Italy. Off the beaten track and away from the tourist masses you will leave the crowds behind and explore the region. Dramatic and diverse landscapes blend rugged mountains with broad valleys where olive trees, vines and chestnut trees form a lush green contrast to the traditional terracotta roofs. Beautiful in every season this idyllic scenery offers the perfect location for our Photography Workshops.

Small Groups

Expert photographic guidance & tuition in a small personal group, ensuring maximum attention. Over the past 25 years, Martin has built up an expert & intimate knowledge of the region. This knowledge allows you to visit the real and unspoilt Italy.

Evening Meals

All your evening meals are included. Each evening, you will be treated to dining in some of the region's finest restaurants. You will visit a different restaurant each evening, allowing you to taste a wide variety of local cuisine. Garfagnana is famous for its high standards of authentic Italian cuisine.

Itinerary

Your workshop will have an inspiring & well balanced itinerary that can accommodate all experience levels and needs. Each workshop lasts for 5 days allowing us time to visit a variety of well known and lesser known locations. This lets you photograph a diverse and unique set of images while learning different photography techniques.

- Cardoso;
- San Pellegrino in Alpe;
- Pontecosì;
- Castiglione
- Ponte della Maddalena.

Photo Skills

You will learn a wide range of camera and composition skills to help you get the most from your camera. Take control of aperture, shutter speed and all other camera settings. These skills will put you in control of your camera and make you more creative. In addition you will also learn how to make use of Adobe Photoshop and Lightroom. Martin will demonstrate techniques for processing your images to make them the best they can be. Regardless of your skill level, Martin will tailor the training to ensure you are confident with post processing all your photographs.
