*Join us in Tuscany and learn how to make compelling and memorable images while learning skills you can use to document travel experiences, build a portfolio or simply capture great images of your family. Under our expert guidance and tuition, we will take you to the best locations the area has to offer and provide you with the knowledge, views and techniques to produce inspiring images of your stay in Tuscany. Located in the unspoilt region of Garfagnana in northern Tuscany, this Photography Workshop offers a taste of hidden Italy. Off the beaten track and away from the tourist masses, you will leave the crowds behind and explore the region. Dramatic and diverse landscapes blend rugged mountains with broad valleys where olive trees, vines and chestnut trees form a lush green contrast to the traditional terracotta roofs. Beautiful in every season, this idyllic scenery offers the perfect location for our Photography Workshops.*

## Small Groups

Expert photographic guidance & tuition in a small personal group, ensuring maximum attention. Over the past 26 years, Martin has built up an expert & intimate knowledge of the Grafagnana region. This knowledge allows you to visit the real and unspoilt Italy. Places no tourist would ever find.

## All Your Meals

Your stay in Tuscany includes accommodation, breakfast, packed lunch and evening meals. Most evenings, you will be treated to traditional Garfagnana cuisine cooked by one of the areas best chefs - Rita. As a bonus, your accommodation is on site. So, you can return after a day's photography, relax and enjoy your evening meal all in the same place. We will also visit some of the areas finest restaurants.

## Itinerary

Your workshop will have an inspiring & well balanced itinerary that can accommodate all experience levels and needs. Each workshop lasts for 5 days allowing us time to visit a variety of well known and lesser known locations. This lets you photograph a diverse and unique set of images while learning different photography techniques.

- Cardoso;
- San Pellegrino in Alpe;
- Pontecosi;
- Castiglione
- Ponte della Maddalena.

## Photo Skills

You will learn a wide range of camera and composition skills to help you get the most from your camera. Take control of aperture, shutter speed and all other camera settings. These skills put you in control of your camera and make you more creative. In addition, you will learn how to use Adobe Photoshop and Lightroom. Martin will demonstrate techniques for processing your images to make them the best they can be. Regardless of your skill level, Martin will tailor the training to ensure you are confident with processing all your photographs.
